

Vital Joe Fundraising and Crater High School Baseball

Vital Joe is a family owned company located in Snohomish, WA. As parents who have purchased more than our fair share of fundraising products we know how important it is to support the youth in our community. At the same time, we feel it is important to provide customers with products they really want to buy. We are dedicated to helping schools, sports teams, churches, etc. reach their funding goals through the sale of high quality, fresh roasted coffee.
